GERMANY EXERTING ALL POSSIBLE PRESSURE ON YUGOSLAVIA: REPORTED TWOFOLD COMPROMISE

THERE ARE INSISTENT REPORTS THAT THE PRIME MINISTER AND FOREIGN MINISTER OF YUGOSLAVIA WILL SIGN THE AXIS PACT IN THE NEAR FUTURE, STATES A LONDON MESSAGE. The Germans are increasing pressure on Yugoslavia by every means at their command and the German Minister in Belgrade has been urging the country to sign the Pact at the earliest moment.

The German compromise is reported to be in two parts.

The first, which is public, will provide that Yugoslavia should adhere to the Tripartite Pact without full obligations but she would receive guarantees of neutrality.

The second, which is secret, says that Yugoslavia must allow war materials to be sent over her railways without exercising any control; the prevention of anti-Axis activity and the final lining up with Germany.

War Will Compel Changes In Outlook Of Man

"The war will compel changes that will influence the future, and, not the least, changes in the outlook of man," declared MR. ARTHUR GREENWOOD, Minister without Portfolio, speaking yesterday, states a London message.

"Every week that passes sees us better equipped and more fully organized for the severe test that will soon have to be met.

"We are entitled to feel a sense of confidence in what has been done to make this island home unconquerable. We can take a sense of pride in our taking the initiative as seen in the advance of our troops in Africa which has brought Signor Mussolini's ramshackle empire down in ruins.

"The main burden of the war falls upon Britain and Greece. Their task is prodigious but with the passage of the Lease and Lend Act they are undertaking it with confidence."

WOULD MEAN ESCAPE

Mr. Greenwood added that victory would mean escape from the new order of domination which Hitler wanted to bring about in Europe. The new order that Britain and her allies would establish would be based on freedom, tolerance and mutual respect.

It would protect the independence of all nations and permit opportunities for all people. "There can be no going back to the world as we knew it before the war."

CLOCK STOLEN

The Rev. A. P. Rose reports that a clock, presented to him by friends of the Cathedral, was stolen from the Bishop's Guest House on Sunday night.

Today's News Summary

THE GERMANS ARE exerting all pressure at their command on Yugoslavia to sign the Axis Pact and reports state that the Prime Minister and Foreign Minister will append their signatures in the near future. Meanwhile thousands of telegrams are pouring in to the Prince Regent protesting against any form of capitulation.

ON SUNDAY NIGHT, while air activity over Britain was on a small scale, R.A.F. bombers struck hard and deep into Germany successfully attacking targets at Berlin, Kiel and Hanover. The Calais area was also raided this being a follow-up of daylight raids.

IT IS EXPECTED that President Roosevelt will sign three huge appropriation bills in Washington this week the biggest of which is the aid to Britain measure.

BOMBS WERE THROWN in two branches of the Central Bank of China in Shanghai yesterday climaxing a week of unprecedented terrorist activity. Nine persons were killed and 70 injured some of whom are not expected to recover.

FORWARD TROOPS OF the Imperial forces in Africa have captured vital points west of Jijiga and have opened the road from Beibers to Jijiga.

IMPORTANT NAZI TROOP MOVEMENT

BELGRADE, Mar. 24 (Reuter)—An important movement of German troops through the Struma Valley towards the Greek frontier was reported this morning.

Large formations, it is stated, were seen advancing rapidly towards the south since Sunday afternoon.

MATSUOKA ON BERLIN VISIT

No Particular End In Mind

In a pronouncement to the foreign Press in Moscow, Mr. Matsuoka, Japanese Foreign Minister, who is on his way to Berlin, said, according to a London message: "The contact with the Axis leaders might make a difference to the execution of Japan's whole foreign policy."

He later added: "I have no particular end in mind in coming to Europe."

If a meeting could be arranged he would naturally like to visit M. Stalin.

Mr. Matsuoka was yesterday entertained at luncheon by the German Ambassador in Moscow and, in the afternoon, the Japanese Foreign Minister was to pay a courtesy call on M. Molotov, Soviet Foreign Commissar.

JUNK ROBBED OF CARGO

A Hongkong-registered trading junk was robbed of \$10,000 worth of general cargo by pirates in Chinese territorial waters on March 18.

According to Tse Ting-ching, master of junk No. C1881H, he was sailing near Sau Man Kwei, when he was attacked by two pirate junks. The crew were taken to one of the robber craft and the junk itself was taken in tow to Sai Chung, near Mirs Bay, where it was looted.

Chinese soldiers intervened but the robbers escaped.

The Patriarch of the Serbian Church said that acceptance of German demands would mean the end of Yugoslavia.

Telegrams are pouring in to the Senior Regent, Prince Paul, from his people and Yugoslav associations in the United States and throughout the world protesting against giving in to the German demands.

Although the Yugoslav War Minister is not among the Ministers who have resigned from the Cabinet, the opposition of the Army to a policy of surrender is one of the most important factors in the crisis.

The Turkish newspaper ULUS writes that Yugoslavia will know that once a German legion enters the country pledges in black and white will dwindle into scraps of paper.

The German occupation of Bulgaria has quickly led to a shortage of foodstuffs. Bakeries are only working one shift a day and there are ration cards for butter, vegetable oil and lard.

TWO VACANCIES FILLED

BELGRADE, Mar. 24 (Reuter)—The appointment of two Ministers to fill two of the three vacancies in the Yugoslav Cabinet was announced today.

Dr. Kikicovitch is appointed Minister of Agriculture.

Dr. Konich, publicist, takes the Ministry of Public Health.

RESIGNATION WITHDRAWN

BERLIN, Mar. 24 (Reuter)—According to a Belgrade despatch to the German News Agency, Dr. Constantinovich, Yugoslav Minister of Justice, has withdrawn his resignation.

BRITISH SYMPATHY

LONDON, March 24 (Reuter)—The dislike of Axis overtures expressed by the people of Yugoslavia is commented upon sympathetically by British newspapers.

If Yugoslavia yields to German intimidation, declares the MANCHESTER GUARDIAN, it would be ruin for the country as she is now and wasting all that stubborn and illustrious battle Serbia's soldiers, by the side of the allies, earned her in the last war.

"We do not know what Yugoslavia's decision will be," the paper adds. "All we know and trust to is the love the Yugoslavs have for the independence, dignity and future of their country."

The DAILY MAIL says: "All hesitations in the past fortnight have been forced upon the Government by public opinion. The Serbs in mass pro-British, won their own freedom by fighting Germany and are unwilling to submit tamely to German orders at the bidding of any pro-Axis ministers."

N.Z. TO CALL UP RESERVES

New Zealand will call up a second division of general reserve in May, states a London message. The ages will be between 19 and 45 and men without children will be called up first.

New Record For Two Miles Run

LONDON, March 24 (Reuter)—Gregory Rice, whose brilliance featured American indoor athletics during the winter, ran two miles in 8 mins. 51 1/2 secs. at Chicago during the week end, beating his own world record made in 1940 by 5 1/10 secs.

He is waiting for recognition of his record of 8 mins. 53 4/10 secs. made earlier this year.

Rice's figures beat the outdoor world record of 8 mins. 56 secs. set by the Hungarian, Miklos Szabo, in 1937.

SUCCESSFUL RAID ON BERAT DROME

A report from Athens, quoted in a London message, states that R. A. F. bombers carried out a successful attack on the aerodrome at Berat where two planes on the ground were seen to burst in flames and others were seriously damaged.

Another successful raid was made on an aerodrome in the Tepelini area.

All British aircraft returned safely.

Climax To Week Of Terrorist Activity In S'hai

SHANGHAI, Mar. 24 (Reuter)—Two terrific explosions this afternoon claimed nine dead and over 50 seriously wounded, a number of whom are not expected to recover. This climaxed a week of unprecedented terrorist activities centred on the Nanking Regime and Chungking Government banks.

Two large-calibre time-bombs exploded with devastating effect in two branches of the Central Bank of China, Chungking Government organ, completely wrecking the interior of the buildings in which they were situated.

Both explosions occurred shortly before four o'clock. In the branch located on Bubbling Well Road, one of the main thoroughfares in the International Settlement, only the presence of mind of Det. Sub-Inspector R. J. Thoenmes, of the Shanghai Municipal Police, who had been called in to examine a suspicious parcel which had been delivered to the Bank by a Chinese posting as a postman, prevented this from being a much greater tragedy than it was.

BARELY IN TIME

On arrival, he immediately recognised the package to be a bomb and ordered everyone out of the building barely in time, for even while the employees were scrambling out of the exits, the bombs exploded causing two dead and injuring over 40 others, many seriously, and completely wrecking the office.

Sub-Inspector Thoenmes is a former United States marine who joined the Shanghai Municipal Police force in 1925.

The other tragedy occurred in a branch bank situated in the French Concession in temporary quarters in the Canidrome. It was placed in an unknown manner under the stairways in the building, exploding shortly before four o'clock in the afternoon, completely destroying the stairway and the rest of the office, killing seven and wounding nearly 20 seriously.

Several of the latter are not expected to survive.

Pilot Who Dived 6,000 Feet Awarded D.F.C.

POLISH SQUADRON'S ACCURACY IN FORMATION FLYING

The recent attacks on cruisers of the Hipper class lying at Brest, are recalled in the award of the D.F.C. to FLYING OFFICER H. PATTERSON who carried out the attacks.

After a flare had been dropped, he dived from 7,000 to 1,000 feet and released high explosive bombs and then, from a height of 70 feet, machine-gunned searchlights and motor torpedo-boats.

The London message adds that the D.S.O. has been awarded to Squadron Leader J. R. Gordon-Finlayson who has carried out over a hundred operational sorties in the Middle East by day, and night. He won the D.F.C. in December.

POLISH SQUADRON

A Polish squadron took off early yesterday morning eager to fight the Luftwaffe. Most of the pilots have had 1,000 hours flying experience and some of them can claim between 2,000 and 3,000.

Several of the pilots fought for Britain in August and September last and between them shot down 25 enemy machines. The squadron leader, who holds the Polish V.C. The cruising range is 3,000 miles.

THE "LIBERATOR"

The first type of four-engined bomber to fly to Britain from the United States is the "Liberator" which has a high speed and huge bomb load capacity.

Each engine is of 1,200 h.p. and the machine is 66 feet in length and has a wing spread of 116 feet. The cruising range is 3,000 miles.

Minu-Madar Combination Too Good For C.C.C.

Indians Win Only League Fixture By Wide Margin

BY "BARNABAS"

For the first time in several weeks we had a sufficiently fine week-end to enable the full cricket programme arranged for Saturday to be carried out, in spite of the Races as a counter-attraction. Of the fairly big number of matches played only one was a league game. This was the encounter between Craigen-gower and The Indian R.C., the latter winning handsomely to register their first win of the season in three matches. They lost the other two.

The Indians who have not yet in recent years failed to find themselves somewhere on the top of the Table at the end of the season, must reckon this as one of their lean seasons. As the result of their win last Saturday, they have somewhat improved their position. They are now fourth on the Table. But considering that there are only six teams participating in the First Division League their performance has been none too creditable.

For as long as I can remember, there has always been keen rivalry between the Indians and Craigen-gower, but this was not in evidence last Saturday where Craigen-gower was concerned, to judge from the number of their regular players who found it impossible to turn out.

Making first use of the wicket, the Indians declared at 178 runs for seven wickets. All those who batted for them made double-figure contributions, the highest being from A. R. Saffell (promoted from their second) who scored 34 runs before losing his wicket. Fatty Minu's innings was fast and furious, and in the comparatively short while he was at the wicket he knocked off 32 runs. He hit the ball several times into the road. A. H. Madar contributed 33 runs and M. el Arculli 28 not out.

DENYER IN FORM

A most interesting friendly encounter took place at Chater Road between a team composed of Club and Civil Service players and an Army eleven. Each team fielded a strong side and though the result was a draw (as is to be expected when two powerful teams meet in a half-day match) the Army came within an ace of winning, due to some exceptionally fine bowling by Denyer.

Army batted first but they lost their first three batsmen (including Alec Pearce) very cheaply. However, the rest of their batsmen managed to knock the edge off the Club bowling sufficiently to enable them to score 173 for the loss of 9 wickets before the declaration was made. Lt. Plummer was in irresistible form with the bat but he was unfortunately run out when he had made 53 runs. Lt. Clarke helped with 27.

The combined Club and Civil Service team was given a very good start by Dickie Richardson and Bill Colledge who scored 30 and 29 respectively. C. Bishop contributed 19. The Army, however, were robbed of victory as, when bad light intervened, the Combined eleven had only 147 runs on the board with only one wicket in hand. Sgt. Denyer, who was put on as third change bowler, almost snatched an eleventh hour victory for the Army. In his four overs he took 4 wickets.

WIN FOR VOLUNTEERS

For the second time this season, the Volunteer and Non-Volunteer members of Club de Reccreio met last Saturday at the Volunteers' ground.

The Non-Volunteers batted first and were all out for exactly 80 runs. J. A. Soares was the highest scorer with 29, followed by bowler H. L. Ozorio with 20.

INTRA-CLUB MATCH

The Kowloon C.C. who are almost certain of winning both titles seem determined to reduce to a minimum the possibility of their losing either. Hence the intra-club match on Saturday at Cox's Road between two of their teams which they called their "A" and "B" eleven.

For the "A" team both Kenneth Baxter and Tommy Madar, their opening batsmen, struck form with the bat. Between them they scored 22 runs, the former retiring at 51 and the latter being bowled by Willy Hung for 31. With contributions of 22 and 10 respectively from Goodman and Taylor, the "A" eleven declared at 142 for six wickets.

A CORRECTION

Due to a typographical error the number of winning tickets on Brutus in the Governor's Cup race at Kwanli on Sunday, was given as 108. This should have read 1061.

Fenton and Orlis, the "B" eleven faced badly and would have lost but for the hand-out by R. R. Widdood and Reddy Fitcher. The former had scored 31 before losing his wicket and the latter

JOE E. BROWN IN DUAL ROLE

Comedy Attraction At King's Theatre

"Funnier than ever" is a familiar phrase where Joe E. Brown is concerned. But the fact remains, his newest starring comedy at the King's Theatre today, Columbia's "So You Won't Talk?", is funnier than ever!

Joe E. comes to the screen in a dual role, two strange new roles which at first promise no opportunity for Joe's especial comedy gift—that wide-mouthed yowl. As a timid book critic, Joe E. is bearded and be-spectacled; as an underworld baron, Joe E. is tight-lipped and sinister. But when "So You Won't Talk?" really gets into its swiftpaced stride the star's world-famous "ye-e-ow!" does pop up.

Frances Robinson is a lovely young feminine lead in the new film, with important comedy parts also played by Vivienne Osborne, Tom Dugan and Bernard Nedell.

Edward Sedgwick directed, the swiftpaced, laugh-filled Columbia comedy, from an original story by Richard Flournoy.

Japan's Policy To Revolve Round Tri-Partite Alliance: Reiteration By Mr. Matsuoka

MOSCOW, Mar. 24 (Reuter).—Members of the diplomatic missions of all countries which have so far adhered to the Tripartite Pact met Mr. Yosuke Matsuoka, the Japanese Foreign Minister, at the station on his arrival here yesterday afternoon en route to Berlin.

The Soviet Government was represented, among others, by M. Lozovsky, the Vice-Foreign Minister, and M. Paraphin, head of the Japanese Department of the Foreign Commissariat.

The German Ambassador, Count von Schulenburg, arrived late. He apologised to Mr. Matsuoka in English.

Mr. Matsuoka will pay a courtesy call on M. Molotov and will later leave for Berlin and Rome.

Japanese circles here indicate that he is expected to return via Moscow on April.

The crowd at the station platform had a long wait for the Japanese Foreign Minister's arrival, which was delayed two hours by a blizzard which has been blowing for the past two days.

INTERVIEW WITH PRESS

Mr. Matsuoka said, in an interview with the Press: "The fundamental interests of nations decide their policy in the long run but peace or war may sometimes be decided by personal acquaintances."

He then recalled that he was invited during a telephone call from Herr von Ribbentrop, German Foreign Minister, to visit the Axis capitals after signature of the tripartite pact last September. He mentioned that he had a lengthy conversation with signor Mussolini eight years ago and also met Count Ciano, the Italian Foreign Minister, in Shanghai. But he had had no change to make the acquaintance of the German leaders.

Mr. Matsuoka said, "The foreign policy of Japan will revolve round the tripartite pact. It is natural for me as the Japanese Foreign Minister who helped to conclude the pact, to visit the German leaders. I have no particular aim."

Italians "Digging In" In Albania

LONDON, Mar. 24 (Reuter).—Following the failure of their big offensive, the Italians are now "digging themselves in" frantically on the Albanian front, according to statements by prisoners quoted by the Athens radio last night.

Bewildered officers are striving desperately to reorganise their scattered forces and earthworks have begun to be hastily thrown up along the positions of the front in Tepelini to which they were thrown back by the Greeks in disorder.

Fighting is now on a small scale though on both sides artillery is active.

RAIDERS BEATEN BY A.A. FIRE

ONE BROUGHT DOWN OVER N. SCOTLAND

LONDON, Mar. 24 (Reuter).—The destruction of two enemy bombers over Britain yesterday is confirmed by an Air Ministry communique which records that there was little enemy activity over this country during the day.

Single aircraft are reported to have dropped bombs near the Channel coast and at a point in northern Scotland. Little damage and few casualties were caused.

One of two German raiders who were attempting to bomb a ship at anchor in North Scotland had its tail shot off by anti-aircraft guns and crashed in flames.

Another German bomber was shot down by British fighters in south England.

A number of German planes approached a south-west England town in the morning but were driven off by heavy gunfire.

Many people coming from a church watched while the battle was in progress.

For the second successive night, enemy raiders were reported over Britain after darkness yesterday.

MALTA RAIDS

MALTA, Mar. 24 (Reuter).—At least three enemy bombers were destroyed and others were damaged in raids on Malta during the week-end.

Two enemy losses are officially confirmed.

FOODSTUFFS FOR FRANCE

Arrangement Reached With North Africa

LONDON, Mar. 24 (Reuter).—A statement that both occupied and unoccupied France are to be supplied with fruit, vegetables and mutton from North Africa in increasing amounts is credited to M. Roch, Director of Vichy's Ministry of Supply, in an interview quoted by the official German news agency.

To facilitate distribution, said M. Roch, the destination of food would be determined before it left Algeria. One third of the supplies would go to Paris, the remainder to the rest of France.

The arrangement, he added, was the result of recent talks between Vichy and the Governments of Algeria, Morocco and Tunisia.

A DEFENCE OF THE KING OF BELGIUM

BY JOHN CUDAHY

Below is the last instalment of an extract from Life of Nov. 25, 1940, written by MR. JOHN CUDAHY, former United States Ambassador to Belgium, in which he clears King Leopold of the Belgians, of the charge of "treason."

(We are indebted to the Belgian Ambassador to China for the article.)

General Champion of the French Army remained with the Belgian General Staff as Liaison Officer throughout this last battle and was early advised to capitulate. But it was found impossible to communicate with the French General Headquarters, for the reason that its whereabouts were unknown. The same was true of General Gort. His headquarters was reported at Cassel on the French border near Ypres, but when a message was sent to this town, a German armoured Division was found in possession and the British Commander-in-Chief could be found nowhere.

FULLY ADVISED

For five days, the General staffs, both British and French, had been kept fully advised and had known that the Belgian King had no course but capitulation. The Belgian Ministers had left England a few hours after their arrival there, and repaired to Paris with a complete story of the desperate situation in Flanders and how the Belgian Army, cut off from any hope of reinforcement, could no longer continue to struggle. Admiral Keyes stayed at the side of the King until the last and every day, telephoned to Mr. Churchill, acquainting him fully with the desperate state of the Belgian Army. And General Champion kept his superior officers in touch until the breaking off of communications.

All that could be done was done by way of informing the British and French of the inevitable surrender. And now as a last act in support of their Allies, the Belgians turned loose the flood gates, inundating the region about Nieuwpoort and Dixmude and destroyed the bridges across the Yser to impede the enemy progress to Dunkirk and La Panne. Not until the night of May 27 when all these steps had been taken did the King send forth an emissary to ask for terms of surrender from the German Army. He knew his action would be misunderstood, he would be branded and stigmatised as a coward and a traitor, he would be overwhelmed with opprobrium, the full impact of which can only be expressed by a single French word, *lache*, (dastard). He suspected that his

side of the case would never get a hearing, that he would be in the position of a man accused of a felony, who must listen to the accusing testimony of the prosecution and be denied all defence. It was a hard role to accept, and yet he did so without hesitation, because he had no other as King and Chief of the soldiers.

MORAL SUSTENANCE

And while prepared for the disclaim of Europe, he turned for support and moral sustenance to the one great country which he hoped had escaped the blighted war prejudice. Here in this country he felt sure his case would be heard on the merits and he could be judged on the facts. He asked for nothing else. Therefore, he despatched a trusted and resourceful aide with a message to the American Ambassador in Brussels, asking me to come at once to Saint André. He intended to tell me why, as a man of honour and principle, he had no other course than to end his life and suffering which could accomplish nothing. Also he intended to ask me to deliver a letter he had written to President Roosevelt.

But the message never came to the Embassy. Three times on the way from Saint André, the messenger was taken prisoner, and three times, in the great confusion of that wild night, he escaped, but on his fourth capture, he was taken over the Dutch frontier and placed securely and permanently in custody.

Late that same night, an officer was sent to the Germans bearing with him a petition for terms whereby the Belgian Army might lay down its arms. After some delay the reply came back: "The Fuehrer requires unconditional surrender."

At 4 a.m. on May 28, orders were given to cease firing. The battle of Flanders had passed to history.

KING, A PRISONER

Two days later, I saw the King. Heavy-booted German sentries with ill-fitting green-gray uniforms and steel mushroom helmets presented arms, and inside the great doors a German officer awaited me, for the King was a prisoner in his own palace. He had petitioned for a more simple place of confinement, but his petition had been denied, and his captors had brought him back to Laeken.

He could not conceal his emotion at our meeting, and never have I seen upon a human countenance a more poignant portrayal of grief, as if the ghastly spectacle of the past 20 days had scarred his soul forever. And yet there was about his demeanour no hint of weakness. His eyes held the same unwavering honesty, and unchanged was the erect bearing which would always distinguish him as the soldier. At length, and in full detail, he spoke about the debacle which had brought such disaster upon his country and without a trace of bitterness he mentioned his hostile critics and their condemnation as if, with the wages of war, calumny was to be expected.

Only when he talked of the United States did I detect a note of anxiety in his voice, as he told me how much he valued the respect and good opinion of the American people and how confident he was that this one country, free from war madness, would judge his action with the eyes of justice.

PLEASANT STUDY

Just three weeks ago, we had sat in that same pleasant study, outside the same greenward glens under the soft Flemish sun. There were the same purple rhododendrons unchanged and the swans in the still pool beside the same old beech trees. All remained as before in the immutable scheme of nature, this tranquil, sentient beauty—the skies, the colours, the trees and growing things went on untroubled, when the blight of war had swept the land, leaving a trail of woe and anguish and human misery, which would afflict sorrowing Belgium for generations.

Sir Roger Keyes, British Liaison officer with King Leopold, told Belgians:

"Your King behaved like a hero and a great soldier. If his father were alive, he would be proud of him. The Belgian army under his command fought bravely in the face of tremendously superior military forces and extremely difficult conditions."

MEMBERSHIP DECLINE IS REPORTED AT EUROPEAN Y.M.C.A. ANNUAL MTG.

The annual general meeting of the European Y.M.C.A. was held yesterday in the West Lounge of the Y.M.C.A. building, Mr. P. S. CASSIDY, the Acting President being in the Chair.

A decline in membership since the previous year was reported in the Chairman's speech. Mr. Cassidy emphasised the point that though the Accounts showed a surplus of nearly \$3,000 after making the usual transfers to reserve, these profits had been largely derived from the pre-evacuation period.

During the last portion of the welcome to all new Directors including Mr. A. H. K. Cobb.

NEW RECRUITS

As you will see from the report there has been a decline in membership and although 73 new members joined during the year our numbers in the main section are down to 209. Circumstances are not very favourable towards a large recovery but I hope that present members will do their best to bring in new recruits.

The decline in the sea-going section was only to be expected but the loss of over 120 of our Women's Section is a sad feature of the past year.

The Members' Council has not yet developed the driving force expected of it when it was formed. Circumstances have caused some charges in the composition of the Council and I feel there has been an inclination towards pressing the claims of one particular section of the programme against another.

LADIES THANKED

I am glad that entertainment of the Services by way of whist drives and dances has been continued despite the evacuation, and we are grateful to the many ladies of the A.N.S. and V.A.D. for their help in making these entertainments such a success.

All the established sports sections seem to be flourishing and we have to welcome a newcomer in the cricket section.

The A.D.C. continues to maintain a high standard.

The Library has been greatly improved and is now an amenity of which we can feel proud. Much energy and care has been displayed by the Committee who have in addition to their main work given much time to the building up of a separate library on the ground floor for men of the Services.

The Sunday Evening Discussion Group attracts a small but valuable section of our membership.

I now come to the Staff. Mr. Ingram brings most of his troubles to me and during the past six months I have realised more than ever what a thankless job his is.

Mr. Ralston has not spared himself since he succeeded Mr. Ashton and has given the Association loyal service.

I must also say a word about Mrs. Lucas whose energy and thoughtfulness are, in my opinion, beyond praise. I doubt whether residents could get meals anywhere else in the Colony to compare with those prepared by Mrs. Lucas, except at an exorbitant price.

WORKING AT LOSS

I now come to the Accounts. As you will see we had a surplus of nearly \$3,000 after making the usual transfers to reserve. Members might regard this as highly satisfactory but I'm afraid they would be mistaken. During the last portion of the year we were working at a loss and the profit shown is largely derived from the pre-evacuation period.

We are now living on our reserves and judging by the loss on January's working I foresee a rough passage during the current year.

Mr. Cassidy then proposed the adoption of the report and statement of accounts. Capt. W. E. Kirby seconded the motion, which was carried.

Following the Chairman's address, there was some discussion on the item in the Expenditure Account labelled "Bad Debts Written Off," amounting to \$1,287.08, an increase in loss to Working Account of \$500 over the previous year.

Capt. W. E. Kirby suggested that the management was too lenient in permitting individuals to take up residence without sufficient inquiry being made into the question of what guarantee they could provide to meeting debts they would incur to the Y.M.C.A.

Mr. A. W. Ingram, Secretary of the Y.M.C.A., replied that the Association had no prerogative to put a man into the street.

Capt. Kirby, replying, mentioned the Mercantile Marine Assistance Fund.

The meeting closed with a vote of thanks to the Chairman, proposed by the Rev. Frank Short, seconded by Capt. Kirby.

Messrs. L. C. F. Bellamy, M.C., and A. S. MacKichan were re-elected to the Board of Directors.

EXHIBITION OF PAINTINGS

An Exhibition of paintings by contemporary artists will be held under the joint-auspices of the Association for the Advancement of Chinese Culture and the Sino-British Cultural Association on March 29 to 30, daily from 10 a.m. to 6 p.m.

FUNERAL OF MR. HAM MOW DICK

The funeral of Mr. Ham C. Mow Dick, who died at his residence, No. 414, Lockhart Road, on Saturday, took place at the Chinese Christian Cemetery yesterday.

The late Mr. Ham went to Australia, when in his early twenties, where he was for many years engaged in the fruit and vegetable trade. He returned to China 12 years ago, on retirement. He was, up to about a year ago, in robust health.

The late Mr. Ham leaves eight sons, a daughter, three grandsons, and six grand-daughters, to mourn his death. Charles and William, two of the sons, are in Hongkong while the rest of the family are in Australia.

The large attendance at the funeral, and the profusion of floral tributes sent, testified to the popularity of the late Mr. Ham and the esteem in which he was held by natives of the Sze Yap district.

MRS. M. J. CAMMIADE

The funeral of Mrs. Marie Josephine Cammiade, who died at her residence at No. 128, Austin Road on Mar. 15, took place at the Roman Catholic Cemetery yesterday afternoon. The services at the Chapel and at the graveside were conducted by the Rev. Fr. H. de Angeli.

Those present included Mr. E. Cammiade (husband), Miss M. L. Cammiade (daughter), Mr. H. Cammiade (son), Mr. L. D. Welch, Mrs. A. J. Walters, Mrs. Hunt, Mr. F. M. Britto, Mr. C. A. Barretto, Miss M. Smith, and Sisters Theresa and Marie of Immaculate Conception.

ANNUAL MEETING OF HONGKONG UNION CHURCH

HORRORS OF TOTAL WARFARE

"During the past year we have had brought home to us the horrors of total warfare in all its frightfulness through its effects on the lives of those friends and relations whom we hold most dear in the home countries," said Mr. W. L. Alexander when he presided at the annual meeting of the Hongkong Union Church yesterday.

The Rev. H. R. Wells opened the meeting with a short prayer. After the Hon. Secretary, Mr. Eric Himsforth, had read the minutes of the last meeting, the Chairman said, in part:

"During the past year we have had brought home to us the horrors of total warfare in all its frightfulness."

We in Hongkong have been spared those horrors. We can only pray that we shall continue to be spared. We have not remained unaffected however by the uncertainty of these times.

In these dark and difficult time in which we live, Union Church, by reason of the important place it holds in the spiritual life of this Colony, has a great responsibility and we, as members of Union Church, share in that responsibility.

The return of our Minister to the Colony from his well earned vacation is expected shortly. It is my earnest wish that members will give Mr. Dow their wholehearted support and encouragement in this his second term of office.

MINISTERS THANKED

I would like to take this opportunity of thanking the Rev. Frank Short, the Rev. J. E. Sandbach and the Rev. E. Moreton for their services during the absence of our Minister. The Church owes to them a debt of gratitude in enabling us to carry on under difficult circumstances.

On the proposal of the Chairman, and seconded by Mr. A. McKellar, the financial report was adopted.

A vote of thanks to Mr. Himsforth and Mr. F. Macleod (Hon. Treasurer), proposed by Mr. McKellar was carried with acclamation.

Mr. R. Young was elected a Trustee on the proposal of the Chairman, seconded by Mr. McKellar.

Mr. Eric Himsforth and Mr. F. Macleod were unanimously re-elected Hon. Secretary and Hon. Treasurer, respectively.

THE COMMITTEE

The following members of the Committee of Management were re-elected: Messrs. W. L. Alexander, J. B. Gilroy, S. V. Boxer, W. Elliott, L. A. Gibson, H. L. McKenzie, A. McKellar, Mrs. N. Crawford, Mrs. Graham-Gumming, and Mr. J. Lawrie.

Mr. J. Scott was elected to the Committee.

Mr. A. E. Mackenzie proposed a hearty vote of thanks to the Ladies' Committee for providing the tea which preceded the meeting; and to the outgoing Committee for the hard work they put in during the past year.

The financial report read, in part: After transfer of the sum of \$1,000 to Repairs and Renewals Reserve making this Reserve now \$5,000 the year under review shows a surplus of \$129.91.

Owing principally to the cost of passages the Three Quarter Century Fund shows an excess of expenditure over income of \$3,293.33. The liability to the Three Quarter Century Fund by the General Funds of the Church now amounts to \$3,573.38. Although the financial position of the Church continues to be sound, it is the hope of the Finance Committee that this liability will be gradually liquidated from general income of the Church from donations and weekly offerings.

FALL FROM BUS

Pte. Cawley, of the R.A.M.C., was admitted to the Military Hospital on Sunday evening suffering from shock and abrasions as a result of a fall from a bus in Nathan Road.

A donation of medical supplies worth about \$2,000 was recently made to the Refugee Children's Institute at Fushin in southern Kwangsi, by the Manning District Committee of the British China Relief Association. (Central News).

DEPARTMENTAL COLLECTION OF NIGHTSOIL

DIRECT CONTROL ON MAY 1

The collection of nightsoil in the urban areas will be undertaken by coolies employed and directly controlled by the department from May 1 when the new scheme will be enforced, according to Mr. W. J. Carrie, Chairman of the Urban Council.

The department had no intention of employing contractors for the work.

According to the agenda for today's meeting of the Urban Council, it is proposed to rescind Conservancy Bylaw 2 (1) in Schedule A of the Public Health (Sanitation) Ordinance of 1935, and substitute therefor a new by-law which reads: "The Council shall provide a departmental service or employ contractors for the removal of excremental matter, etc."

According to Mr. Carrie, in the first year of Government control of nightsoil disposal the department service will not be extended to the areas on the south of the Island.

Collection from Pokfulam, Ty-tam, Shek O, Aberdeen, Hongkong, Tsai, Stanley and southern districts will be made by contractors as at present.

It is expected that the Council will extend its service to these districts after a year.

THE BATTLE OF BOMBS

A GREAT DEAL of interesting information regarding the progress of the war in the air—the Battle of Bombs, as one expert termed it—the steady growth of Britain's aircraft industry and the relation of these two factors to hostilities in general, and particularly to the war at sea, was made public during the week-end. The most important statement on these questions of aerial warfare was that made by Lord Beaverbrook, the Minister for Aircraft Production, in the course of a broadcast address from London. What Lord Beaverbrook had to say was, indeed, most encouraging. His reference to the huge reserves of aircraft which Britain was piling up throughout the country indicated that the results of the country's war efforts are already becoming evident and that the numerical superiority in aircraft with which Germany started the war is being quickly overhauled. It also is proof that Britain's research work has been carried out ceaselessly in an effort to combat every new device and method which the enemy has been attempting to use in the onslaughts on the country and that, even if these attacks are going to be intensified to a greater extent, Britain is now in a much better position to meet and defeat them.

THE DISCLOSURE that production of aircraft during February had reached a record is all the more satisfying, particularly when these figures are taken in conjunction with the large numbers of planes which are now being sent to Britain from the United States, since the people of that country, led by their President, decided to throw every ounce of their resources into the fight on Britain's side. The models which America has already made available to Britain have earned a high meed of praise from the pilots who have been operating them and have proved a splendid match for anything that the Germans have been able to put into the air. Apart from this assistance, the British aircraft industry has shown evidence of its own initiative and Lord Beaverbrook's statement on the new types of planes which have already taken their place in the front line of the air battle and the fact that other

Sequel To Traffic Mishap: European Police Officer Fined

PETER OLIVER GUILD, Sergeant in the Hongkong Police Force, summoned for driving car No. 6225 in a dangerous manner and with driving while under the influence of drink, was found guilty by Mr. H. G. Sheldon, K. C., at the Central Magistracy yesterday on the first count; while the second was dismissed on the ground of insufficient evidence.

Guild was fined \$200. The offence was stated to have occurred on the wrong side of a bend in Repulse Bay Road about 6.45 p.m. on Feb. 23.

Traffic Insp. F. J. Clarke prosecuted, while defendant was represented by Mr. J. M. D'Almada Remedios.

Col. F. R. Shaw, R. A., who was involved in the accident with defendant, said he was driving a little over 15 m.p.h. along Repulse Bay Road when he saw the reflecting light of a car rounding the bend. He sounded his horn and, a second later, a car approached him with full headlights and travelling on the wrong side of the road, and crashed into him.

Witness tried to avoid an accident by veering to the wrong side but was too late. The other car was on the wrong side of the road.

The driver of the car, defendant, got out and witness formed the opinion that he was drunk as accused was staggering and smelled of liquor.

SPEED OF CAR

Col. Shaw said that he estimated the speed of the other car, when approaching the bend, to be between 25 to 50 m.p.h.

K. Kaluzhny, assistant manager of Repulse Bay Hotel, said that he

new types and engines are even now nearing completion, is an indication that Britain and her people are not going to rely merely on American help, but to enhance that very valuable and generous aid which the United States has promised her by her own unremitting efforts. When a country actively engaged in hostilities on several fronts is able to give such evidence of its ability to produce its war needs on such an increasing scale, it is an assurance that no responsibility will be shirked to bring ultimate victory.

ANOTHER interesting aspect of the war in the air was given on Saturday by Major Oliver Stewart, a recognised authority on the subject, when he adduced convincing arguments to show that the intensified aerial warfare was linked up with the war at sea. The methods recently adopted by both the British and the German air forces, he said, undoubtedly pointed to attempts being made to assist the naval forces. On Britain's part, the constant raids which had recently been made on bases being used by the Germans for the construction of their U-Boats and surface raiders were being undertaken with the object of reducing Germany's war against British and allied shipping and to ensure that the Nazi threat to prevent shipments of war material and equipment from the United States reaching Britain will not be carried out. The Germans, in addition to concentrating their air attacks on Britain's ship-building centres, are using their air forces to assist their submarines and surface raiders by giving these enemy craft information relative to the movements of British and allied shipping, which they are intent on destroying. Here again, the value of Britain's aircraft production and output and the help she is getting from the United States will provide a reasonably successful answer to the German tactics and the results of the increasing tempo of this new phase of the war will now have to be awaited.

Both were admitted to Queen Mary Hospital.

THE WAR AT SEA:

BRITAIN HITTING BACK BATTLE OF ATLANTIC: THE U-BOAT MENACE

"Britain has started hitting back hard in the Battle of the Atlantic," said LIEUT.-CDR. THOMAS WOODRUFFE, B.B.C. naval commentator, when he broadcast from London on Sunday on the progress of the war at sea, following on the Prime Minister's announcement; recently that three German U-Boats had been sunk.

"Herr Hitler spoke lately of his coming spring offensive against our shipping," went on Comdr. Woodruffe, "but what he has forgotten is that far out on the Atlantic our destroyers and escort craft are at work day and night.

STEADY TOLL

"Any successes we have are not announced unless there are exceptional circumstances, but there is always a steady toll being taken of German submarines. These successes may not come by actual sinkings. A submarine, for instance, may have just escaped a depth charge, but when she does get back to port she will have to be overhauled and her crew given a rest."

Comdr. Woodruffe went on to explain the heavy strain imposed on submarine crews, particularly when they were trying to escape depth charges. The explosions gradually get louder and louder and those in the submarine can do nothing but wait and listen. Then might come one thundering crash—the lights go out, another crash and a few trickles of water begin to seep in between the damaged plates.

This may force the submarine to come to the surface and attempts to escape may be difficult. It was a real test of nerves and a U-Boat might have this happen to it more than once.

COMING STRUGGLE

"Now that the summer and better weather is coming along the struggle will become unrelenting," said Comdr. Woodruffe. "A lot will depend on the number of escort craft and ships we can keep at sea. A large number of escort craft can make a convoy almost invulnerable to U-Boat attacks, but the number will have to be very big."

"What we must always remember is that every submarine sunk means one experienced submarine crew less for Herr Hitler. The loss of crews is a greater disadvantage to the Germans than the loss of a submarine."

Comdr. Woodruffe declared that the building of submarines too was not so easy. It could not be altogether mass produced and consisted of a mass of complicated machinery. Each part had to be carefully made. They could not be run out of a machine like a string of sausages.

S'HAH EXCHANGE MARKET

SHANGHAI, Mar. 24 (Reuter)—The exchange market is disorganised as the result of a London item on March 21 to the effect that negotiations are proceeding to prevent sterling help to the Stabilisation Fund from feeding the Shanghai market, which is the remaining loophole in the sterling exchange control.

No rates are available at the opening of the dollar, nominally valued at 3/732d.

Securities, gold-bars and commodities are generally sharply higher.

"VOCAL MUSIC" LECTURE

"Singing is a life course and no student of singing should expect to achieve any success within a short period. World known vocalists reach their height only through tens of years' hardship and training."

This formed part of the lecture on "Vocal Music" addressed to a large audience at the Chinese Y.M.C.A., Waterloo Road, by Mr. Ng Pak-chau last evening.

After classifying ways of singing, hymns, folk songs and operatic music, Mr. Ng advised vocal students to pay serious attention to their singing teachers.

The lecture was illustrated by recorded music.

Yugoslav Army Against Agreement With Reich

Visit Of Belgrade Ministers To Vienna Hanging Fire

BELGRADE, Mar. 24 (Reuter).—A meeting of the Federation of Reserve Officers of Yugoslavia on Saturday unanimously passed a resolution protesting against any plan to "conclude an agreement not in harmony with our national honour and independence." The protest has been sent to the Regent and the Premier.

After passing the resolution, the officers broke up their meeting and declined to proceed to other business in order to emphasise their protest. The latest message shows that the Reserve Officers did not disband their organisation but only broke off this meeting.

Yugoslavia's political crisis appears to be little nearer solution despite reports that the posts of the three Serb Ministers, who resigned on Friday as a protest against acceptance of the Nazi terms, have now been filled.

With a critical decision still in the balance, the visit of Yugoslav statesmen to Vienna still hangs fire though a special train was reported to be standing by during the week-end, ready to leave at a moment's notice, if required.

STOYADINOVITCH LEAVES

M. Stoyadinovitch, the former Yugoslav Premier who is now in British hands, received his passport at his own request and has left for Greece "at his own free will," declared the official Yugoslav news agency yesterday.

A message from Ankara states that the Serbian element and army leaders in Yugoslavia will prevent widespread concessions to Germany, says the Turkish newspaper Ulus yesterday.

The Ankara radio last night broadcast the précis of a long Ulus article on Yugoslavia, which was published in this newspaper. The articles declare that while the resignation of three Yugoslav ministers indicates that the opposition

PITIALBLE PLIGHT OF FRANCE

REVEALING LETTER FROM SINO ENVOY

CHUNGKING, Mar. 24 (Central).—The privations and hardships of the people in France are revealed in a letter received here recently from Dr. Wellington Koo, Chinese Ambassador to France.

Writing from Vichy, Dr. Koo said that the Chinese Embassy is now housed in a large restaurant; there but the staff members of the Embassy have to put up with many inconveniences.

Bread in France is rationed, each person being entitled only to 8 lbs. a week, while butter is practically unobtainable. The ration of meat for a person is four ounces a week.

SHORTS UNOBTAINABLE

The letter also revealed that there is a keen shortage of articles of daily use. Dr. Koo said that he wanted to buy a shirt but could not obtain one in either Vichy or Lyons. The shoes worn by Frenchmen these days are so slovenly made that they are just like slippers.

FEELING OF BRITISH PEOPLE TO EVENTS IN YUGOSLAVIA

The feeling of the British people towards Yugoslavia was summed up under three heads by MR. ROBERT FRASER, B.B.C. commentator, when he broadcast from London yesterday.

Mr. Fraser said that the people in Britain felt a sympathetic appreciation of Yugoslavia's difficult position; they hoped Yugoslavia would resist; but the British people would take it very calmly if there were to be another diplomatic success for Herr Hitler.

NEXT ACT

The things that really mattered to the British people now, he went on, were the growing strength of the Royal Air Force, of the Imperial Army and of the increased help coming from the United States.

Mr. Fraser remarked that what plainly stood out before all else was that the Nazis were fully prepared for their next act of aggression.

The precise situation in Yugoslavia was not known, but it was known that the country was not prepared tamely to accept the German demands. If that was not so, there would be no crisis in the present situation.

SITUATION IN AFRICA

Referring to the military situa-

tion in Africa, Mr. Fraser referred to the capture of Neghelli which took Marshal Graziani 26 days to accomplish whereas it was accomplished in about half the time by the British troops driving before them an equipped Italian army.

No one, said Mr. Fraser, could lose sight of the speed of the advance of the Imperial Army and the successes of General Wavell at such small cost.

FRONT PAGE NEWS

The speech by Lord Beaverbrook, Minister of Aircraft Production, made front page news in all the London papers and what impressed people most was the reference to technical progress in British aircraft—six new types in nine months and five new engines manufactured.

The "Liberator," the best type of American bomber, was now arriving in Britain. It had a cruising range of 3,000 miles, speed of 300 m.p.h. and carried a bomb load of four tons, concluded Mr. Fraser.

Working Together:

DELIVERING THE GOODS

LORRY DRIVERS CARRY ON IN BRITAIN

"We will carry on delivering the goods," said MR. R. FORBES, a lorry driver, when he broadcast from London yesterday in the series "Working Together."

VARIED LOADS

Mr. Forbes, who said that he had been driving lorries for eighteen years, described present-day conditions of road transport in Britain. The loads he had to carry, he said, varied each week from army clothing and sand bags to foodstuffs and sometimes involved urgent journeys of 400 to 500 miles to places all over England, Scotland and Wales.

Many lorry drivers were away from home for days on end and on many occasions, particularly in heavily blacked-out and protected areas, they had to snatch a few hours sleep on the road-side.

NATIONAL IMPORTANCE

On occasions the loads they carried were so important that they were accompanied by armed guards, but there had never been any trouble so far, and he personally thought that an armed guard was unnecessary, because all lorry drivers engaged on this kind of work regarded it as work of national importance.

Driving in big towns under present conditions was not too easy and they never took unnecessary risks. Lorries themselves were very valuable these days and the same applied to the loads they carried.

GETTING TOGETHER

In the event of their being caught in an air raid they all immediately took shelter, but this was not through fear but for the sake of safety, and save giving trouble to others.

One thing that was most noticeable these days was the way everyone was getting together and the manner in which everyone was prepared to help on the road, if there was any mechanical trouble which might delay the delivery of goods. It was all hard work, but they would carry on as long as they were required to do so.

FOREIGN POLICY OF SPAIN

NEUTRALITY DESIRE REITERATED

MADRID, Mar. 24 (Reuter).—Spain's ability to retain a neutral position in the present war was yesterday given special emphasis in the first official Spanish reference to foreign policy since the passing of the American Lend Lease and Lend Bill.

The Under-Secretary of the Press and Propaganda Ministry, Senor Antonio Toyar, who accompanied the Foreign Secretary, Senor Serrano Suner, to Germany and Italy recently, said: "The serious risks are inherent in our geographical position. We cannot live unarmed or unwatchful."

Senor Toyar added that Spain today wanted to emerge from centuries of retirement.

Hitler's present actions recalled those of Napoleon but whereas Napoleon was a scourge for Spain, Hitler was a scourge for those who had reduced Spain to a third-class power—France and England.

SOVIET OFFICIALS ENTERTAINED

CHUNGKING, Mar. 24 (Central).—Generalissimo Chiang Kai-shek was the host at a picnic yesterday in the outskirts of Chungking. Among the guests invited were Mr. Alexandre Pannouchkine, the Soviet Ambassador, and other officials of the Soviet Embassy. Several government officials were also present including General Ho Yao-tzu, Vice-Chief of Staff and former Minister to Turkey.

CLANDESTINE TALK IN SANTIAGO

SANTIAGO, Mar. 24 (Reuter).—A clandestine conference here of the German ambassadors to the Argentine, Chile and Peru has deeply disturbed public opinion according to a Lima despatch which quotes a Press demand that the Peruvian Government should "investigate" what plot is being hatched in Santiago.

British Siege Of Keren

SUCCESSFUL PATROL ACTIVITY RECORDED

KHARTOUM, Mar. 24 (Reuter).—Intensive patrol activity plays a large part in the British siege methods round Keren.

When a British patrol encountered an enemy force in the neighbourhood of one fort, they summoned artillery support. The British guns promptly opened fire, aided by which the British party inflicted heavy losses on the enemy and took 130 prisoners, all without loss to themselves.

An example of the courage and endurance of the Imperial troops is furnished by two Indian machine-gunners, who were lost on a mountain peak but when found by a British patrol 48 hours later, were still manning their post.

IMPORTANT CAPTURE

LONDON, March 24 (Reuter).—The importance of Neghelli, which has been captured, lies in the fact that it dominates the cross-roads leading north, east and west.

Imperial forces are now in position to strike due north in the direction of Addis Ababa about 275 miles away.

The country is low-lying and a track running through the valleys would enable the British forces to make fairly unhampered progress, according to a military expert.

The fall of Neghelli is a particularly bitter blow to Marshal Graziani, who was given the title, Marquis of Neghelli, in recognition of his rapid advance when Italy invaded Abyssinia.

S.M.C. ELECTIONS POSTPONED

SHANGHAI, Mar. 24 (Reuter).—The Consular Body has granted the application of the Shanghai Municipal Council for postponement of the municipal elections from April 2-3 to April 9-10.

According to reports current locally, the extra week will be used by the British, American and Japanese influential quarters in an endeavour to reach an agreement regarding the councilors for the ensuing year, thus obviating the necessity of an election.

It is stated, however, that an increase in the number of Japanese councilors is likely.

13 DIVE-BOMBERS DOWNED AT MALTA

Thirteen dive-bombers were shot down over Malta on Sunday states a London message.

German planes, accompanied by fighters, raided the island but caused little damage. Nine Junkers-87 were shot down by British fighters while four more were destroyed by A. A. fire.

Despatch Of U.S. Food Ships To Unoccupied France Is Condemned

NEW YORK, Mar. 24 (Reuter).—The despatch of American food ships to unoccupied France is condemned in an outspoken article today in the NEW YORK DAILY MIRROR.

It writes: "Washington thought, and forced London to agree, that sending flour to France was justified because of 'the assurances' given by Vichy."

"The value of such assurances from a Government which, whether it likes it or not, is a prisoner of Hitler, is highly doubtful. The shortage of food in France is not the natural result of war, but a condition unnecessarily imposed on France by Germany—deliberately, inhumanly and with purpose."

"It is not necessary for Germany to starve France and will not starve France completely as long as French workers in Lyons and unoccupied territory are making silk for German parachutes."

"The Reich must leave unoccupied France, which she holds as tightly as she now holds occupied France, enough food to keep her working for Germany."

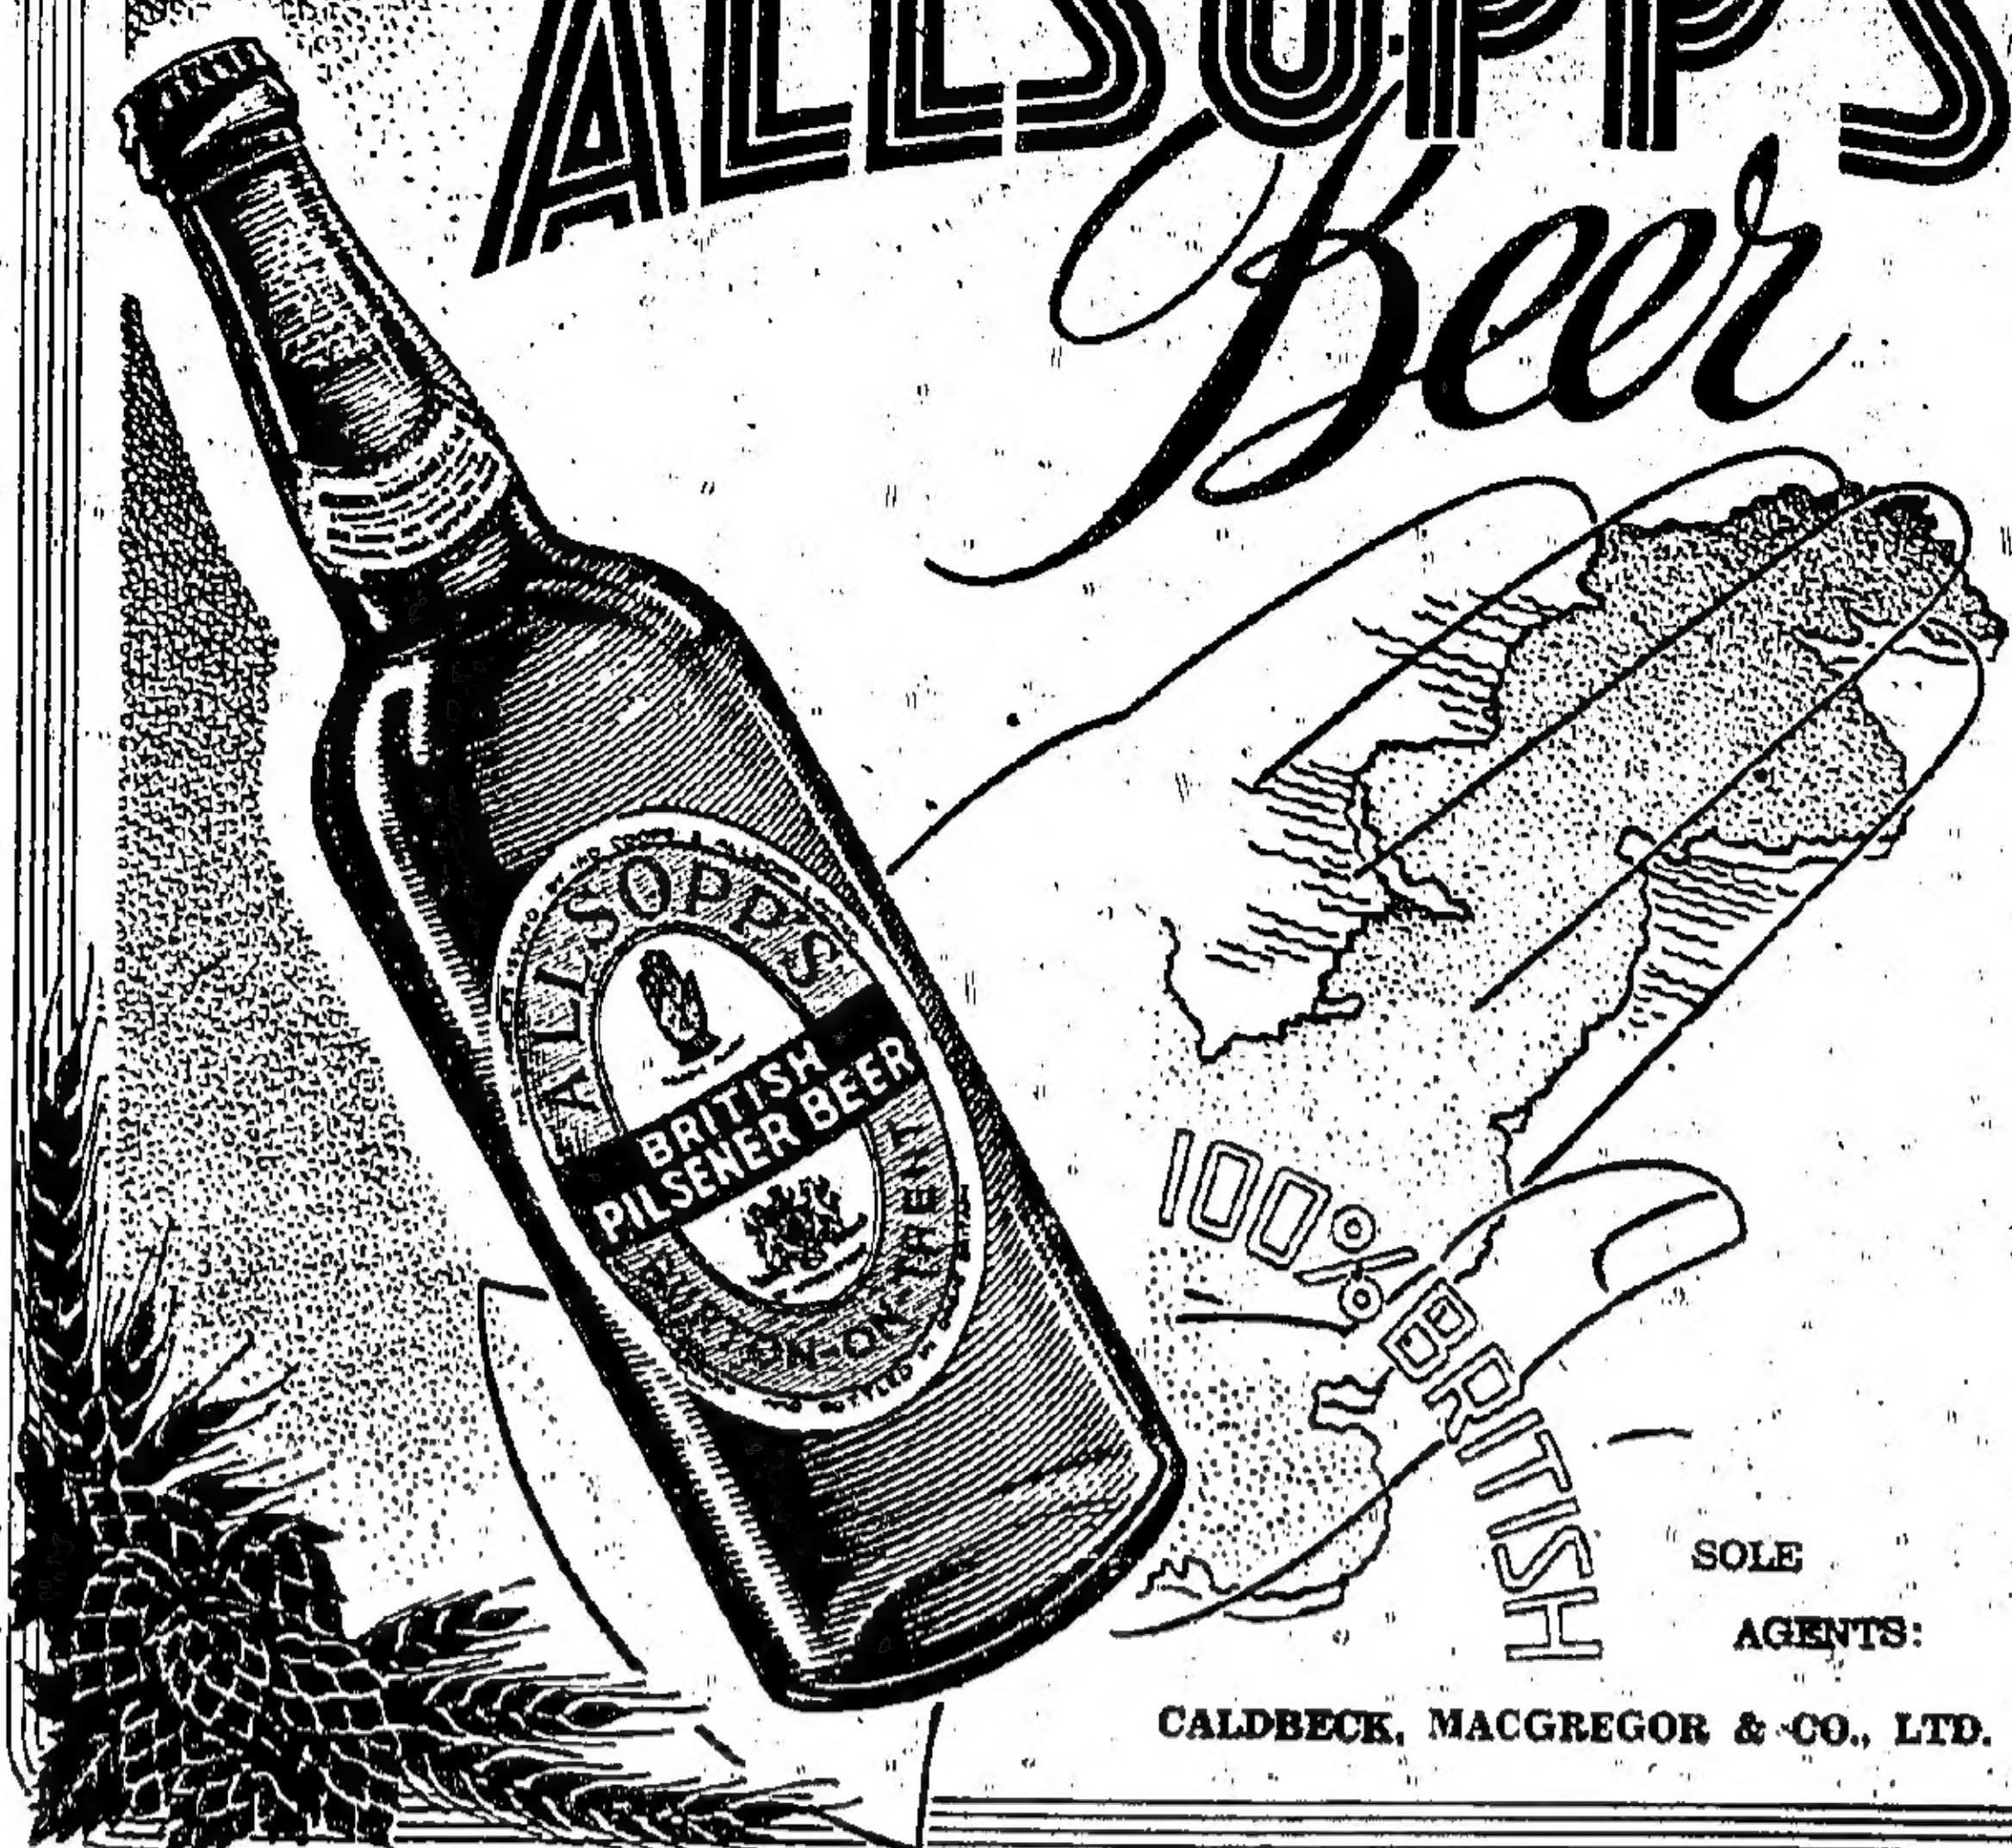

"Now Germany will have 13,500 tons of flour more to help balance the stores she has already stolen from helpless France."

LONDON, Mar. 24 (Reuter).—An illuminating commentary from the Free French viewpoint about the controversy on food ships to France is made by the newspaper FRANCE.

BRITISH CRUISER REPORT

NEW YORK, Mar. 24 (Reuter).—A report that a British cruiser is heading for Norfolk, Virginia, navy yard for repairs is published by the BALTIMORE SUN which quotes "a reliable authority" for the report, and adds that there is no information whether the warship has been in battle.

According to the same source, says the paper, other British naval units now escorting convoys to the United States will put into Norfolk for repairs.

In Washington, it is stated that the British Embassy is unaware of any warship being on the way to the United States for repairs.

DANGER SPOT

Reports of German battleships raiding in the Atlantic have somewhat overshadowed the Balkan situation, say newspaper commentators remarking that the Atlantic is a danger spot as urgent, if no more so.

Wireless reports last night suggested that Germany was concentrating her main sea strength in the Atlantic and commentators were freely discussing American intervention of one kind or another.

ADMINISTRATIVE PROGRESS IN KWEICHOW

REFORMS EFFECTED IN MANY FIELDS

KWEIYANG, Mar. 24 (Central).—A glowing tribute to the administrative progress in Kweichow was paid by General Pai Chung-hsi, Chief of the Board of Military Training of the National Military Council, who came here from Chungking recently to inspect military education. He left on Saturday after a stay here of several weeks.

Under the chairmanship of Mr. Wu Ting-chang, General Pai said, reforms have been effected in many fields in the province during the past few years. Opium, which used to be a great curse of Kweichow, is now completely suppressed.

BANDITRY EXTIRPATED

Peace and order is now better maintained throughout the province, indicating that banditry has been extirpated. Progress is also noted in the field of communications, General Pai remarked.

Referring to Kwangsi, General Pai said that the authorities there are determined to introduce reforms by training a competent administrative personnel, promoting and popularizing education, increasing production and suppressing superstition.

WAR EFFORT OF NEW ZEALAND

Possibilities Examined By British Experts

WELLINGTON, Mar. 24 (Reuter).—As a result of the activities of the delegation from New Zealand to the Eastern Group Conference at New Delhi, a group of British technicians has examined the industrial possibilities of New Zealand with a view to assisting the Empire war effort in requirements overseas as well as in the defence of the Dominion.

These experts are reporting their findings to the British Government who will in due course establish a programme for fulfilment by New Zealand.

Every week sees greater development in the country's war effort. A number of engineering firms are producing war material of all kinds. Government workshops are busy making Bren gun carriers and trench mortars. The output of small arms and ammunition will shortly be doubled to meet the requirements of New Zealand's armed forces.

War material for the navy is also in an advanced stage of production. Minesweepers are being constructed at Auckland to meet the immediate requirements of the navy.

WEST CHINA INDUSTRIAL DEVELOPMENT COMPANY

Capitalised at \$5,000,000 (Chinese currency), the West China Industrial Development Company, Limited, in which the Szechwan, Sikang, Yunnan, Shensi, Kansu, Ninghsia and Chinghai provincial governments are represented, is playing a major role in the development of these provinces.

The Company is now engaged in land reclamation at Chiensul, near Mengtsz in southern Yunnan in iron mining at Chengchin near Yaan in Sikang, and in leather-tanning in Chengtu. Among the new enterprises which it has decided to start are a cement factory in Shensi, lumber yards and ranches in Shensi and Kansu.

Of a total of 15,000 acres of uncultivated land at Chiensul, 700 acres are growing castor-oil plants, tung trees and cotton. Tobacco of American varieties, wheat, oats, beans and potatoes are also grown this year.

TWO WATER LOCKS

For irrigation the Company has constructed in this area a \$500,000 reservoir, two dams, each 107 feet high, a canal, embankments, and two water locks, and is building a new reservoir.

The iron mine near Yaan began to produce in October last year. As native methods were used the daily production averaged two tons of iron. A development plan has been formulated which includes the construction of a steel mill, a machine-shop and a hydraulic power plant. Capital needed to finance the project is estimated at \$7,000,000.

Occupying about two acres of land, the \$500,000 leather tannery in Chengtu is equipped with machinery manufactured by a Chungking machine workshop. Although it began operations only last November, the Company is already planning to expand it in order to increase its production.

The cement factory to be established in Shensi this year will require a capital of between \$2,500,000 and \$3,000,000. Meanwhile the Company is awaiting reports on conditions of lumber and animal

NEW ZEALAND MEAT EXPORTS TO BE CUT

WELLINGTON, Mar. 24 (Reuter).—New Zealand's exports of meat will be drastically cut as a result of decisions reached by the British Government based on the shipping position.

The New Zealand Government has decided that New Zealand freezing works shall from today (Monday) accept for freezing for export only lamb, prime beef and porker pigs up to 120 lbs.

Butter, vegetable oils and lard will be rationed in Bulgaria next week and cards for that purpose will be issued to the populace, states a Sofia report quoted by the Moscow radio.

A shortage of foodstuffs, the radio adds, is now noticeable in the Bulgarian capital where beef is almost unobtainable and the sale of bread is rigorously restricted.

husbandry in the Northwest, an extensive study being conducted by experts—(Central News).

CHINA'S INDUSTRIAL MACHINERY

An additional 10,558 tons of industrial equipment were moved into Free China last year. Together with the 106,037 tons evacuated from the coastal areas and along the Yangtze River during the two previous years, the total amount of industrial machinery thus safely transported to the interior weighed 116,595 tons.

Factories in Free China made another record last year by turning out \$3,400,000,000 (Chinese currency) worth of industrial products. This marked a great increase over the \$1,400,000,000 of 1939 and \$7,000,000,000 in 1938.—(Central News).

CHINESE PATRIOTS EXECUTED

CHUNGKING, Mar. 24 (Central).—Two Chinese patriots, Chen Lien-keng and Chen Wu-su, who were responsible for the assassination of Kiao Kuan-wu, puppet Governor of Kiangsu, sometime ago, have been executed by the Japanese, according to a Shanghai despatch quoting recent arrival from Soochow.

DEVASTATION IN SZEYAP SURVEYED

Widespread devastation has been caused in Szeyap as the result of recent Japanese raids there, according to a survey made by the Central News.

Cheungsha in Hoiping, and Tikhoh and Suncheung in Toishan, suffered most. Aside from killing and raping, the Japanese also resorted to large scale looting in those places, carrying away everything they could lay their hands on.

Other areas, including Kwong-hoi, Taikong and Towsan, in Toishan, Tanshuihow and Maktsum in Hoiping and Taso, Shaping, Chanchung and Ngauwankwan in Sunwui, likewise suffered seriously.

Although the Japanese declared that they attacked Szeyap in order to cut off the Chinese communications, it is believed generally that they aimed at seizing foodstuffs and other materials, as several hundred shih of rice were left behind by them at Tanshuihow when they evacuated.—(Central News).

PAYING IN KIND FOR BONDS

For the convenience of those who like to dispose of their gold and silver ornaments, bullion or other things readily convertible into cash, the Wartime Loans Campaign Committee has announced a set of regulations concerning subscription to the 1940 issue government bonds by "paying in kind."

It is specified that the gold and silver exchange agency of the Central Bank of China will be responsible for appraising and cashing precious metal ornaments meant for the purchase of the national bonds. The appraisal is entrusted to several government organizations including the Foreign Trade Commission and its subsidiary organs, the China National Tea Corporation, the Foo-shing Trading Corporation and the Fu Hwa Trading Corporation, the Agricultural Credit Administration and the National Food Administration.

The regulations provide that all ornaments, bullion and commodities tendered in payment of bonds are to be converted into cash in national currency. Bonds will be issued to subscribers according to the appraised value of the things turned in. The authorities reserve the right of refusing acceptance of certain types of payment in kind which cannot be readily converted into cash.—(Central News).

TOKYO, March 24 (Reuter).—A prediction that the United States will be entering the European war by June at the latest, possibly as early as next month, is made by the newspaper, Yomiuri Shimbun which asserts that escorting United States convoys with food and war supplies to Britain will be the fuse setting off American participation.

SHANGHAI, Mar. 24 (Reuter).—Colonel Andreini, Commander of the Savoy Grenadiers formerly stationed in Shanghai, is still alive and in the best of health, states an Italian Embassy announcement, denying the recent reports from Tokyo that Col. Andreini was killed in the fighting in Albania.
